From the Principal's Desk.

Dear Uniworld International School (UIS) Parents and Students:

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has."

~Margaret Mead

Warmest Greeting & Welcome to UIS 3rd Monthly (June) Newsletter.

I request that you encourage your children to take some time to reflect on their academic year. What were the strengths and weaknesses? What are the areas for growth academically and socially? What changes would they like to make for coming years?

I would like to make an important note about school life. Active participation in school activities is an essential part of the Uniworld International School experience. We consider these after school activities (ASA) to be a significant level of physical and mental development that occurs in these clubs and sports.

If your child has not been involved this year, please encourage him/her to reach out and get involved in this aspect of school life. Please contact Mr. John for information regarding clubs and activities.
